THE BRIEF

What you shared with us — an event on a boat in Amsterdam on **14 November 2026**. We document **the preparation, the guests' arrival and the atmosphere** — so the day lives on beyond the time on the water.

1.1 WHAT WE KNOW

↓ (STAGE)	↓ (NAME)	↓ (INCLUDES)
1	DATE	Saturday, 14 November 2026.
2	ROUTE	The boat leaves from Amsterdam city centre at 12:00 and returns to the same place. [Exact address of the pier — to be confirmed]
3	DURATION	Between 2h30 and 3h on the water (expected return around 14:30–15:00).
4	COVERAGE	Three moments requested by the client: [Preparation & materials on board — Guests arriving — Atmosphere of the event]

1.2 OUR ASSUMPTIONS

↓ (STAGE)	↓ (NAME)	↓ (INCLUDES)
A	ACCESS	Our crew can board before the guests to film the preparation and the materials. Assumption — time to be confirmed.
B	CREW	One filmmaker on board for 3 hours covers the preparation before 12:00 and the event itself; a longer event, a second camera or a photographer are optional extras. Assumption — depends on boat size and guest count.
C	LIGHT	Mid-November daylight in Amsterdam is short and soft, and rain or wind are possible; we plan for low light, rain protection and the interior of the boat. Assumption — final plan after the weather forecast.
D	SOUND	No speeches or interviews need to be recorded with clean audio. Assumption — if needed, we add audio equipment.
E	CONSENT	The client and the boat operator allow filming on board, and guests are informed that the event will be filmed. Assumption — to be confirmed by the client.

CREATIVE APPROACH

Not a recording — a story in three acts. — We follow the event as it naturally unfolds: **the quiet before, the welcome, and the life on the water.**

2.1 THREE ACTS, ONE STORY

↓ (STAGE)	↓ (NAME)	↓ (INCLUDES)
I	BEFORE	Calm, detailed shots of the boat being prepared: materials, styling, textures, the city through the windows.
II	ARRIVAL	The first guests on the quay and on board: welcomes, hands, smiles — the moment the boat fills with people.
III	ATMOSPHERE	Departure from the centre and life on the water: conversations, details, canal views, the energy of the group — and the return to shore as the closing image.
——	STYLE	Discreet and observational: we stay unobtrusive and favour natural moments over posed shots.

SHOOTING PLAN

A plan built around the **12:00 departure** — every block below is **anchored to the times you gave us**; arrival and set-up times are **suggestions to confirm**.

SET-UP & PREPARATION	**GUEST ARRIVAL**	**DEPARTURE**	**ON THE WATER**	**RETURN**
Crew arrives before the guests. Details of the boat, materials and styling; establishing shots of the pier and the boat. [Exact call time to be confirmed]	Guests arriving on the quay and boarding: welcomes and first impressions. [Depends on when guests are invited]	The boat leaves Amsterdam city centre: departure shots, first views of the canals.	Atmosphere, people, interactions and details throughout the event; key moments if there are any (toast, speech, activity) — [to be confirmed].	Arrival back at the same place and the last guests leaving — the closing image of the film.

Total time on location: 3 hours — about 30 minutes of set-up before the 12:00 departure plus the event on the water. If the boat returns later, extra time is billed per hour (see Conditions).

III	ON BOARD	Atmosphere and conversations — food, drinks and details (if part of the event) — canal and city views from the boat — group moments.
